OCTOPUS Travel pod

It's a fact of photographic life that most people who carry a camera do not wish to carry a tripod do not wish to carry tripod. That's because they are usually considered to be bulky, awkward to store and generally in the way when not in use. However, it is accepted wisdom that the one thing a tripod really does is to enhance the quality of your image.

OCTOPUS a flexible, lightweight and compact Travel-pod with a cell-phone adaptor

- * Flexible, stable and waterproof legs can easily be mounted onto a tree, bicycle, chair etc.
- * 360 deg. rotation ball & socket head can be used with any camera, cell-phone or go-pro
- * An international patented travel-pod with a fashionable and unique design
- * 2 different leg angles for ground level shooting
