

## KELDA Conversion Lenses

# EXTEND YOUR HORIZONS

Conversion lenses add an extra dimension to an already capable prime lens. Choose the right KELDA Conversion lens for the occasion. Mount it on the filter thread of your lens in your hand and get that much nearer or wider to your subject without adding too much to the weight in your hand.

These lenses work on Compact, DSLR or Video cameras and because they are mounted on the front of your prime lens they are not prone to too much light loss.

The SRP of all these lenses is £29.99 (inclusive of 20% VAT)

Name	Thread	Construction	UV thread	Magnification	Type
2458T	58mm	3G3E	72mm	2.20x	Telephoto
2458W	58mm	2G2E	82mm	0.43x	Wide angle
2667W	67mm	2G2E	82mm	0.43x	Wide angle
2672W	72mm	2G2E	82mm	0.43x	Wide angle
2667T	67mm	2G2E	82mm	2.20x	Telephoto
2672T	72mm	2G2E	82mm	2.20x	Telephoto
3558W	58mm	3G3E	67mm	0.35x	Fisheye
3552W	52mm	3G3E	67mm	0.35x	Fisheye
