Voeloon – Speedlight V760 HSS with Wireless TTL IR GN60

The Voeloon Speedlight V760 is easy and straightforward to use and is powerful with balanced illumination. With a built-in reflector and bounce positions available, the flash can be used in many different ways, and with master and slave use, you can use the flash for more creative lighting setups. This flash is good value for money and makes a good beginner's flash, with the ability to expand the system if needed.
